

UFSCar n° 126/2007
Processo n° 0616/07-11

Cooperation Agreement

The Cooperation between UFSCar, *Universidade Federal de São Carlos*, and *University of Applied Sciences Gelsenkirchen* aim at the advancement of the relations in the areas of international exchange, training and research. Cooperation can cover all courses of studies, research and further spheres of activity of both universities.

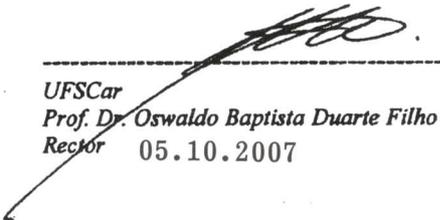

The activities of common interest are:

1. Exchange of students to study, to practice and finalize their thesis
2. Exchange of professors and scientists for teaching and research
3. Common research projects, publications and conferences

Details will be agreed upon in each case by both universities.

The universities will strive financing of their activities in the framework of the DAAD and CAPES programs. Since students participating in the exchange program pay study fees at their respective universities, they will not have to pay for any study fees at the guest university.
