

2026 NCEPU International "Green Energy Youth Leadership Camp"

About NCEPU

- Founded in 1958, NCEPU has been recognized as “the Cradle of Chinese Electric Engineers”.
- Each year, **over 60% of the graduates** choose to work for enterprises in the **electric power and energy related industry**.
- **Full chain of disciplinary configurations** focusing on eight strategic emerging fields.
- We have domestically taken the lead to set the **first School of Renewable Energy**.
- NCEPU is jointly established by the **Ministry of Education** and the **Council**. Our university council members include China Electricity Council and 12 major electric power enterprises, 9 of which are listed in 2025’s Global Fortune 500.

Camp Overview

- **Duration:** 8 July 2026 to 21 July 2026
- **Registration deadline:** 31 May 2026
- **Address:** Beijing, China

Course Overview

- In the important process of advancing the construction of a community with a shared future for mankind globally, our university, as a leader in the field of energy and power, is committed to green and low-carbon energy research, and jointly contributes to the construction of a green, low-carbon and sustainable global energy system.
- **Course Content:**
 1. **Courses, Laboratory&Corporate Tours:** Explore and learn about cutting-edge green energy science and technology.
 2. **Practical Courses:** Participate in visits to power companies to discuss the future development of the energy industry.
 3. **Cultural Activities:** Experience the deep heritage and modern charm of Chinese culture in the blend of ancient and modern.

2026 NCEPU International "Green Energy Youth Leadership Camp" Schedule

DATE	TIME	ACTIVITIES
July 8th	8:00-12:00	Arrival and Pick-up
	13:30-17:30	Apply for a Phone Card
	17:30-18:00	NCEPU Campus Tour
	18:00-20:00	Dinner and Rest
July 9th	09:30-11:30	Lecture on Solar Energy
	12:00-13:30	Lunch
	14:00-15:10	Sharing Session and Closing Ceremony
	15:30-19:00	Super Hopson One Shopping Mall
July 10th	19:00-20:30	Dinner
	09:00-11:30	Visit Global Energy Interconnection Development and Cooperation Organization
	11:30-13:00	Lunch
	13:00-18:00	Visit Summer Palace
July 11th	18:00-20:00	Dinner
	09:30-12:00	Lecture on Wind Power
	12:00-13:30	Lunch and Rest
	13:30-16:00	Visit BOE Technology Group Co., Ltd.
July 12th	16:30-18:00	Hongqiao Market
	18:00-20:00	Dinner
	09:30-11:30	Lecture on Energy and Electricity
	12:00-14:00	Lunch and Rest
July 13th	14:00-15:30	Overview of China
	16:00-17:30	Chinese Culture Course - Paper Cutting
	18:00-20:00	Dinner
	08:00-12:00	Visit the Badaling Great Wall
July 14th	12:00-13:30	Lunch
	13:30-16:00	Return to NCEPU for a rest
	16:00-18:00	Visit the Olympic Park, Bird's Nest, Water Cube
	18:00-20:00	Dinner
July 15th	09:30-11:30	Lecture on Biomass
	12:00-14:00	Lunch and Rest
	14:00-15:30	Visit the Artificial General Intelligence and Industrial Robotics Research Center
	15:30-17:00	Visit the New Energy Generation National Engineering Research Center
July 16th	18:00-20:00	Dinner
	07:30-12:00	Visit Tiananmen Square, Jingshan Park/Forbidden City
	12:00-13:30	Lunch
	13:30-16:00	Return to the dormitory for a rest
July 17th	16:00-18:00	Visit Qianmen Street
	18:00-20:00	Dinner
	09:30-11:30	Lecture on New Energy Materials and Devices
	12:00-14:00	Lunch and Rest
July 18th	14:00-15:30	Visit the National Key Laboratory and Beijing Key Laboratory of High Voltage Technology and Electromagnetic Compatibility/Wind Tunnel Laboratory of the State Key Laboratory of New Energy Power Systems
	15:30-17:00	Visit the 798 Art Zone
	17:00-18:00	Dinner
	09:00-12:00	Visit Temple of Heaven
July 19th	12:00-13:30	Lunch
	15:00-17:00	Visit Daxing International Hydrogen Energy Demonstration Zone
	17:30-19:00	Dinner
	08:30-11:30	Visit Ritan Park
July 20th	12:00-14:00	Lunch and Break
	14:00-16:00	Seminar on Hydrogen Energy
	16:00-17:00	Visit the University's Energy Storage Industry-Education Integration Platform
	09:30-11:30	Visit the Popular Science Base of the China Energy Research Society
July 21th	12:00-14:00	Lunch and Break
	14:00-16:00	Overview of China
	16:00-17:00	Chinese Culture Class - Calligraphy
	09:30-11:30	Seminar on Energy Storage
July 20th	12:00-14:00	Lunch and Break
	14:00-17:00	Visit the Old Summer Palace (Yuanmingyuan)
	17:00-19:00	Dinner
	July 21th	

*All schedules and activities are subject to actual arrangements.
